Reed C. Rollins
Harvard University
32 Divinity Avenue
Cambridge, Mass.

9001 Cardamine hirsuta L.
Grassy area. Concord Point
Havre de Grace, Harford Co.
Maryland

(4)

Mar 23, 1990

9002 Cardamine ~~hirsuta~~ concatenata (Michx.) O. Schwarz
Woods in deep soil, flood plain
of Susquehanna River, 4 mi
north of Point Deposit, near US
222, Cecil Co., Maryland

(4)

Mar 23, 1990

9003 Cardamine douglassii Britton
As 9002.

(6)

9004 Leavenworthia stylosa A. Gray
Both yellow and purplish flowers present. Field in a Cow spot. 1 mi. South of Lebanon. Wilson Co. Tennessee
(5) Dull day. Fls closed Mar 25, 1990

9005 Thlaspi perfoliatum L.
Fls white. Roadside weed
Ca 2 mi west of Lebanon.
(4) Wilson Co. Tenn.
Mar 25 1990

9006 Lesquerella perforata Rollins
Field near Spring Creek
Petals white. 5 mi north of
Lebanon, Wilson Co. Tenn.
(8) Mar 25, 1990

9007 Sibara virginica (L.) Rollins
Weed in field As 9006
(1)

9008 (A. Gray) S. Wats. Rollins
Lesquerella lescurii, x densipila,
Flowers yellow. Old corn field,
flood plain of the Harpeth River
196 mi SW of Ashland City.
State Route 250. Dickson Co.
Tennessee
(8)
Mar 26, 1990

9009 Sibara virginica (L.) Rollins
Fls. White. As 9008
(5)

9010 Thlaspi arvense L.
Fls. white Plants fetid
Roadside weed. 1 mi W of
Inflammation Center, Hwy
68, Trigg Co., Ky
(7)
Mar 27, 1990

9011 Thlaspi perfoliatum L.
Rte 160 Weed. In old cedar glade
area. 12 miles W of Cedar Grove,
(7) Wade Co. Missouri
Mar 28, 1990

9012 Sibara virginica (L.) Rollins
Flood plain 7ls white. Wet field 1.6 mi
(6) N of the Red River, Off State
Route 41. Co. Arkansas
4-4-90

9013 Leavenworthia crassa var Tex. Texana (Mahler)
Rocky Reddish limestone outcrops.
Petals strong yellow. Fls small.
Associated with Sedum,
Opuntia, Arenaria and
Nostoc. 1.4 mi SE of San
Augustine, San Augustine Co
Texas
April 5, 1990
Showed Plantago and
Valerianella

S. Water.

9014

Bud Weed

Lesquerella pallida (Tor. & Gray) Pelas white with yellowish claw. Plants annual. Fls. unguiculate. Sepals yellowish-green. Plants mostly single from the base. Sparsely branched. Open pasture. Not abundant, 8 mi. W of San Augustine on Hwy 21, then 1 mi S on dirt road. Weches formation outcrop just South of Creek. San Augustine Co Texas

(10)

April 5, 1990

Rothrock

9015

Rapistrum rugosum (L.) All.

~~Burnet~~

Widely branched annual. Petals yellow Near the Brazos River between Navasota and Richmond off Tex Hwy 105. Washington (?) Co. Texas

Grimes

(4)

April 6, 1990

9016 Tephrosia virginiana L. var. virginiana
Petals present Plants
unigatly branched. West edge
of Victoria, open field. Victoria
(7) Co. Texas
April 6, 1990

9017 Lesquerella lindheimeri (Wats) S. Wats.
Stems 3 to several ± decumb.
Toward base Petals yellow.
Pedicels ± erect. Knee tall
Grass area. 16 mi E of
(10) Refugio. Refugio Co. Texas
CR 774 Apr 6, 1990

9018 Tephrosia austriana Small
Petals present infructescence
narrow. Stems single from
base. As 9017.
(8) Very abundant

Parthenium confertum Gray var. lyratum (Gray) Rollins

9019 [Parthenium lyratum Gray]
Perennial. Stems one to few from the base 7 fls. white.
4.1 mi S of Kenedy on US Hwy 181. Karnes Co. Texas
April 7, 1990

(4)

S. Waste

9020 Lesquerella grandiflora (Hook.)
Basal leaves pinnate to pinnatifid. Petals yellow, obovate. Sepals divaricately ascending, acute. Sandy soil in pasture, on Southern edge of Stockdale off US Hwy 181
Wilson Co. Texas
April 7, 1990

(12)

9021 Lepidium virginicum L. var. virginicum
Petals present. Stamens usually reduced from the two. Plants glabrous.
Grassy roadside area. 11.4 mi S of Seguin, Wilson Co. Texas
April 7, 1990

abundant

(6)

9022 Lepidium austrinum Small
Stems usually single from
base Petals present Plants
pubescent Cf 9021

(5)

9023 Lesquerella gracilis (Hook.) S. Wats.
Fls. yellow. Petals spreading
not unguiculate. Sepals
yellowish. Grassy area off
SR46, 1.3 mi SE of Seguin
(10) Guadalupe Co. Texas
April 7, 1990

9024 Arabis petiolaris Gray
Stems single. Petals lavender
Sepals erect. Grassy area
between RR track and SR46
near junction of SR46 and Loop
(11) 337, 2 mi N of New Braunfels.
Comal Co. Texas
April 7, 1990

9025 *Lesquerella recurvata* (Engelm.) S. Wats.
Petals yellow, divergent but not ungauiculate. Fls shallow.
(8) Stems numerous radiating from a basal rosette. Pedicels recurved. As 9024.

9026 *Lesquerella argyraea* (Bray) S. Wats.
Perennial. Basal leaves entire.
Stems several, outer procumbent. Petals yellow
(11) Pedicels sigmoid. Sandy soil, mesquite are. Off US 59, 19 NE of Freer, Duval Co Texas
April 9, 1990

9027 *Lesquerella gordonii* (Bray) S. Wats. *ovalis*
Stems several, procumbent
Petals yellow. Pedicels sigmoid
(14) Basal leaves ± linear-obtuseoblate
Abundant Mesquite area, 4.6 mi S of Freer, Duval Co.
April 9, 1990
off Hwy 16

9028 Lepidium virginicum L. var. medium (Brewer) C. L. Hitchc.
Petals minute, white. Abundant
Ca 9027

(11)

9029 Descurainia pinnata subsp. pinnata
Petals yellow. Scarce. Ca 9027

(1)

9030 Lesquerella lasiocarpa (Hook. ex Benth.) S. Wats. var. lasiocarpa
Annual. Petals yellow widely spreading, not unguiculate. Sepals sloplitly reflexed, yellowish. Pedicels arched downward. Off Route 16, 21.5 mi N of Debbsmille, Duval Co T, 4pa.

(1.5)

April 7, 1990

T031

*Lesquerella argyraea* (Brandg.) S. Wats.
Stems several from the base, decumbent. Petals yellow, spreading. Sepals widely spreading to plainly reflexed. Pedicels recurved. Styles shed. Off Route 16, mesquite area in sandy soil, 5 mi NE of Zapata, Zapata Co. Texas
April 9, 1990

(15)

9032

*Lesquerella thamnophila* Rollins & Shaw
Perennial. Stems sprawling, mostly in bushes. Pedicels ± recurved. Petals yellow. Sandy soil at the base of bushes. Mesquite area. 3.3 mi South of jct of US83 & SR 16, Zapata, Zapata Co Texas
April 9. 1990

(20)

9033 Lesquerella argyraea (Gray) S. Wats.
Stems several to many, prostrate to decumbent.
Petals yellow, non maculate.
(7) Red sandy soil, off US 83, 35.5 mi SE of Catarina, Webb Co, Texas
April 10, 1990

9034 Lesquerella var. lasiocarpa
lasiocarpa (Hook ex Gray) S. Wats.
Annual. Petals yellow, widely spreading, to slightly curved downward, not maculate.
(9) Pedicels recurved Clay soil, openings in mesquite and
Off US 83, 3 mi SE of Catarina
Dimmit Co. Texas
April 10, 1990

9035 Sisyrinchium iris b.
weedy roadside, off US 83,
1.7 mi SE of Catarina, Dimmit Co
Texas
(2) April 10, 1990

9036 Lesquerella argyraea (Brong.) S. Wats
Pedicels sigmoid. Petals
yellow, spreading. 11.1 mi
NS of Carrizo Springs,
Dimmit Co, Texas Reddish
(7) off Route 277 Soil. Siliques globose
April 10, 1990

9037 Lepidium barnebyanum Nutt. var.?
Stems single, branched above.
Petals present As 9036
(7)

9038 Lesquerella grandiflora (Hook.) S. Wats.
Stems ascend. decumbent.
Petals yellow. Non unguiculate.
(5) as 9032. Siliques globose.

9039 Lesquerella fendleri (Gray) S. Wats.
Perennial. Stems ± erect.
Petals yellow, not widely
spreading. Pedicels divaricately
(7) ascending. Limestone rubble,
near US 90, 22.3 mi West of
Del Rio, Val Verde Co. Texas
April 11. 1990

9040 Nerisyrenia Camporum (A. Gray) Greene
Petals white to light lavender
Siliques curved upward.
Limestone area, off US 90, 8.9
mi E of Dryden, Terrell Co. Texas
(11) April 11. 1990

9041 *Lepidium alyssoides* Gray var. *angustifolia*
Small bush. Flowers white
(8) Gravelly Soil 32.5 mi S of Marfa
off US 67. Presidio Co.
April 12, 1990

9042 *Descurainia pinnata* subsp. *halictorum*
Siliques ± Erecte. Pedicels
widely spreading. Foliage
(8) grayish. Near US 67, 9.6 mi S of
Marfa, Presidio Co.
April 12, 1990

9043 *Lepidium lasiocarpum* Nutt. var. *wrightii*
Petals minute. Stems several
from the base. Basal leaves
(8) deeply lobed. As 9042.

9044 *Nerisyrenia camporum* (A. Gray) Nieuwl.
Petals white to pumplish
above, lavender below.
(7) Leaves ± entire. Sandy soil, off
US 285 3 mi N of Pecos.
Reeves Co. Texas
April 12, 1990

9045 Lepidium alyssoides Brayv. angustifolium
Abundant. Leaves linear +
entire. Formerly roundish
clumps. As 9044.
(4)

9046 Lesquerella ~~gordonii (Wats.) S. Wats.~~ gordonii var. densifolia
Perennial. Stems numerous,
arising below basal rosette.
(10) Sepals yellowish, erect. Petals
yellow. Inconcicuous Abundant
in buffalo grs. dominates hillslope [Pasture]. Ca
2 mi N of Lincoln, Lincoln Co
New Mexico.
HB Henry 380
April 13, 1990

9047 Dimorphocarpa wislizenii (Engelm.) Rollins
Perennial. Foliage grey. Sepals
widely spreading. Petals
white. Red sand dune area
(6) off US380, 27.2 mi E of San Antonio
Socorro Co. New Mexico
Abundant
April 13, 1990

9048 Abundant in roadside Meadows

(6) Claytonia tenella (Pallas) Wc.
Sepals deep purple Petals lighter purple. Roadside weed. Along 75th ST, northeast edge of Boulder Boulder Co. Colorado
April 18, 1990

9049 Alyssum alyssoides (L.) L.
Inflorescence Corymbed.
(13) Sepals green Petals yellow.
Weed. Abundant. As 9048.
